Yum Yum . . .

The "Mikado" Opens Tonight

THE MIKADO, a light operetta by Gilbert and Sullivan, satirizing Japanese customs and institutions, will be presented April 26, 27, and 28, by the music and drama departments. A special matinee for high school students will be held the 27th.

Work Starts On New MSC Dormitories

With the coming of spring and good working weather, construction sounds again permeate the campus of Northwest State College as work begins on the erection of two new dormitories.

Work is centered near the Quadrangle and Residence Halls, where the additions are to be constructed. And, after two weeks of work following the Apr. 1 beginning, the Thomas Construction Co. is now getting ready to start pouring concrete for the foundations. This followed clearing, draining, and grading of the land.

Food Committee: All Results Tabulated

The Food Committee was organized to study the food program on campus and suggest improvements. This committee is a portion of Union Board and consists of six students plus Mr. Belcher and Dean Koerble, acting as advisors.

Interest Shown

Interest and co-operation was shown in this committee by all concerned. Since it was organized last fall, the following accomplishments were shown:

A choice of vegetables, salads, breads, and desserts; a fruit drink at evening; toast that is previously buttered; four serving lines; hot tea on Sundays and meat on Fridays.

Survey Taken

A recent survey was taken by the committee as to the students' preferences of food. From a representation of 591 students the survey produced the following tabulated results.

From these results the Food Committee suggests that any food liked by less than 30% of the students be dropped from the menu, a dish liked by a minority be served with a choice of dish liked by the majority, and that more seasoning be used in the food.

Work will be continued on this program. Constructive suggestions will be appreciated.

Confessions of

A Suitcase Student!!

Question: What's your name?

Answer: My name is Samsonite Sam

Q: What's your occupation?

A: I am a Suitcase Student. I go home every week end. I hold the record for the least week ends spent at school. (I had a final on Saturday once so had to stay until I had finished that). I get out of class on Friday at noon, jump in my Homing Pigeon (that's my car), and wheel for home.

Q: How old are you Sam?

A: I am 22½ years old.

Q: Why do you go home every week end?

A: I like home. It's so . . . so . . . homey. And my friends tell me there's nothing to dig here on week ends anyhow.

Q: Who are your friends Sam?

A: The guys that ride home with me on week ends.

Q: I think that you should stay down some week end, Sam, and see what all there is to do. Have you been to any of the big dances?

A: Oh no. I'd have to take a girl to them.

Q: Don't you have a girl, Sam? Sam? Sam, I won't tell anyone. . . .

A: Well, I guess I've got one. My mother. . . .

Q: You'd better go latch your suitcase, Sam. It's about noon. . . .

Like Ta' Try It?

Printin' Ain't Easy

What intangible holds a spectator's attention in a World Series game, a Pro Football championship playoff, or the conference crown game between Podunk High and Mudville? Or what makes a reader take interest in a prize winning publication?

In an athletic contest the spectator watches because of the players' physical prowess and their ability to adhere to the rules of the game. When publishing a newspaper, to be a success, the staff must also possess certain standards and rules which must be rigidly followed. In printing a college paper such as the Missourian, deadlines must be met accordingly because of limited funds and facilities.

Iron Bound

The rules for each issue are just as iron bound as any found

in a sporting rulebook. Every Thursday assignments are given for the next issue. All copy must be turned in by the following Thursday at 4 p.m. The dummy copy is made up, and on Saturday, the printer arranges type. This type is cast into lead plates on Monday and cannot be changed.

Therefore, week-end news is difficult to include; Monday happenings, impossible.

Students interested in learning more about the printing procedure can see the whole process illustrated in the display case across the hall from the Northwest Missourian office.

The rules in journalism are just as ironclad as three strikes make an out in baseball. In order to make a hit reporters and editors must know the rules of the game and play them accordingly.

Baseballers Split Pair

A near-perfect game by Bill Ludwig gave the Northwest State College baseball team a 5-2 win in the second game and a split in a twin-bill Tuesday, April 18, with Peru, Neb., at Peru. Peru took the first game, 4-0.

Ludwig hurled perfect ball for the first five and two-thirds innings and then walked one man in the sixth.

Bill Durham's single with the bases loaded drove in two runs in the Cat's big first inning in the second game. The Bearcats scored two more on a fielder's choice, a walk and two hit batsmen.

Chalk Talk

Bob Cobb

We doff our Stetson to Bearcat baseballer Bill Ludwig. It seems that this 'Cat moundsman had a perfect game going at Peru up and into the sixth inning when he issued a disputed-on-balls. Bill then struck the next hitter to retire the side. His no-hitter and shut-out finally went down the drain in the final stanza when a run was allowed to cross the plate on a pop-fly double and a single. Although Bill lost his claim to no-hit game, the 'Cats came out on top for their initial triumph of the young diamond season.

A pat on the back should go to the Bearcat tennis team for their decisive back-to-back road victories.

Praise Intramurals

While we're handing out the laurelled garlands, let's consider Dr. Peterson and the Intramural Commission for a top award. Our fine intramural program at NWMS is one well deserving of appreciation and recognition.

This program is set up and run under the guidance of Dr. H. D. Peterson. The governing body for this activity is the Intramural Commission which is composed of Dale Cramer, Jack Freese, Lonnie Timmerman, Gary Seifkin, and Leroy Hammond.

Dale Cramer reports that our program has had almost 90% of the college male enrollment in participation at one time or another this year. He also added that 2063 entries have entered into competition this year.

Cramer stated that a trophy will be awarded at the Honors Assembly for the Outstanding Athlete on Campus. Points for this award will be based upon varsity and intramural participation.

game and be a capable defender for MIAA competition? And most important, are you scholastically eligible? If you can measure up to these standards or reasonable facsimiles, we know a certain basketball coach who would be mighty interested. Don't call us; we'll call you!

Here's a tip to Cardinal baseball fans, the Red Birds can be heard at 1095 on your radio dial.

"The best laid plans of Mice and Men..." Bearcat tennis team goes to Peru, Nebraska; Peru comes here the same day—no match.

Best wishes to Dr. Peterson for a speedy recovery!

Hey Men!!

How many times were you jilted by the "one and only" girl? Too many times? Well, if you were in Britain you might make it pay off. There, to make the jolt more bearable, an insurance man in Birmingham now sells jilt insurance to the men. If the girls are between 17 and 25 a \$4.20 premium pays \$2.80 if she jilts him. If she is between 25 and 30 the rate drops to \$2.80. No one has asked for jilt insurance on an engaged woman over 30. I guess the moral is, if you are just not a lady-killer, buy a policy. If you don't have the price of the premium, find a 30 or more years old.

Seventy percent of all brides are employed.
